We have rooms reserved at the Hampton Inn, the group cost is \$82.00 per night. The rooms are non-smoking, with two double beds, and a continental breakfast is included.

Tentative plans are to arrive Friday night and go to one of the casinos for dinner and possibly a movie. Saturday we will be going to Oceans/Worlds of Fun during the day and then attending a Royals baseball game at 6:05. Sunday you can stay and tour other attractions in KC or return home early.

The game ticket price will be \$16.00/\$18.00 depending on where we want to sit. You can get discount tickets to Ocean/Worlds of Fun at HyVee, Bakers and other supermarkets in town, and also Sam's Club.

If you are interested in going call Pat McCall at 345-1881 or 342-8898 for the room confirmation number and name of contact person at the Hampton Inn. PRESIDENTS CORNER

I'm happy to report that there were not any chad or miscounted ballot issues for this year's elections. Both Ron Bechdolt and Don Hammond were re-elected to the board without any funny stuff. The Board is working on a plan that will hopefully add new members and some exciting trips for next year. Your help will be needed, so step up and give us a hand.

The election party was well attended. There was plenty of good food and some surprises. The board voted to give Marty Sigg a life membership for all of his years of service to the club both on committees and as a trip captain for many trips. A nice certificate was presented to Marty at the party. Marty was surprised

and said this was quite an honor. There have been only seven other life memberships given out.

We have also been secretly collecting donations for the Teri Hammon photo fund. Teri is our unofficial club photographer—this year's trips filled thirteen albums. That amounts to quite a cost to her. She has never asked for any help to defray this cost. She gives away any of the duplicate photos to anyone who wants them. The board members decided to give her a little help with the cost. The money was presented to her with a card and a note of appreciation. Then we made her stand in front of the cameras while everyone else got to take her picture for a change. We are now talking of archiving these photos in the

board room at McCall Press. We might have to make a new committee position of Historian. This person would be responsible for maintaining this collection of the club history.

The membership committee position is now vacant. The person filling this position basically has to log in the memberships as they are paid and keep a running log of all paid members so that the trip captains know if your membership is paid or not. This committee person would attend the board meeting each month and submit the names for approval as the membership applications arrive. If you would like to take over this position, call Ron or myself.

President's Corner (continued)

There are a lot of summer activities in the works (see article about the KC trip). We are trying to keep things exciting for you all year long. If there is something you think we should do as a club call Sally Dier, or any of the board members. We would like to make this summer as fun as possible.

If you are interested in going on a November Caribbean cruise, see the article in this newsletter and contact Teri Hammon. Teri is coordinating this trip for us through a travel agent. Dates are November 10th through November 17th 2002. No club funds will be used for this trip and you may use your credit card to pay for it. Your deposit will be due shortly if you want to reserve a spot with our group. This will be a good way to warm up before you head to the cold slopes to ski.

Ron is working hard to get information for next year's trips. We will be deciding at the next couple of board meetings on the trips for the coming season. Trip captains will be needed, so start thinking about helping out. These trips will not be going if we don't get anyone to run then, there will be at least five trips (going to someplace where we can ski). Let's just hope mother nature helps us out a little. Colorado could use a big snow year, after the last couple of lean years. Maybe the dragons will help us?

Snow dragons rock!
