President's Corner

In January of 1997, I joined the Omaha Ski Club to find people I could go skiing with. One month later, I was asked to fill in the vacant Secretary position on the Board. At the next election, I was elected and asked to take over the job of President. I have been your President for the past eight years. Part of the President's job is to write a monthly article for the newsletter. I sat down at the computer each month and put my thoughts into writing. I have tried to keep you abreast of current issues concerning the club. I've written articles that were informative and some that were just a lot of B.S. I added humor whenever possible because I think we need more of it in our daily lives. But this has been one of the hardest articles to write. I was unsure of what I wanted to say. But in the end, Thanks says it all. It has been an honor and a privilege to have served on the Board for all these years. I have made many friends and met people from all over the world who like to ski. After the elections later this month, I will be turning this job over to someone else. I wish them luck in the challenges that face them in trying to keep this club going.

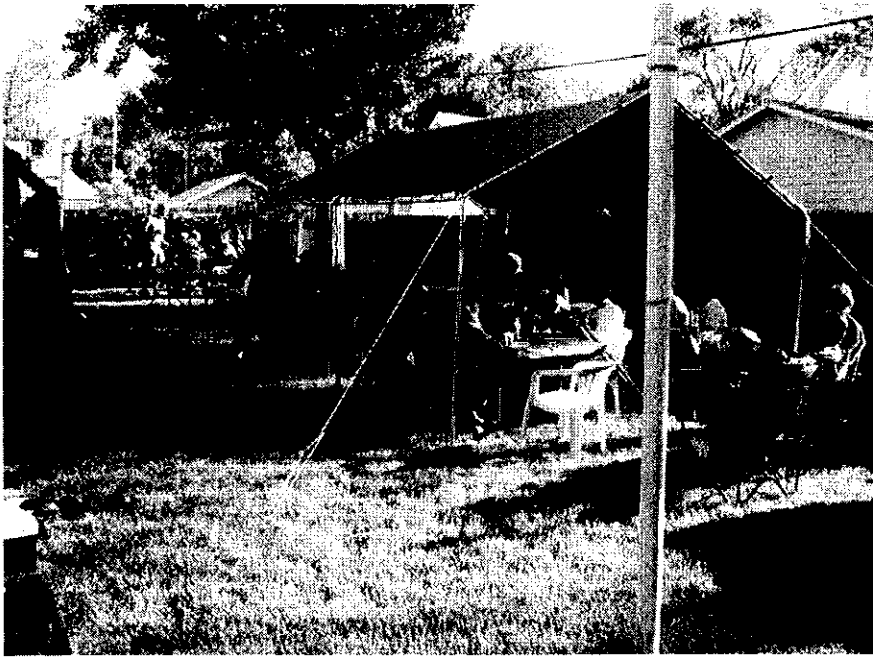

I would like to thank a lot of people who have helped me over the years. Thanks to all of the people who have been board members for the past nine years. Without each of you giving your time and energy, we would not have been able to keep this club going. The biggest thank you goes to you the club members. I have appreciated all the support and encouragement you have given me. And lastly, my special thanks goes to Dave Lawler, who had to put up with waiting for my articles to get to him each month. This newsletter has been Dave's contribution to the club for many, many years. Without all of Dave's work each month this newsletter would not happen.

Dragons Rock, (They will as long as someone believes!)
